

Join the TBIC at the Farnborough Air Show 2024 (July 22-26)

Every two years, the aerospace, aviation and defense industries are invited to Farnborough International Exhibition & Conference Centre for the world's best airshow to pioneer change, build new connections, engage with thought leaders and get access to unparalleled business development opportunities. For decades, the Farnborough International Airshow (FIA) has been the global platform for the aerospace and defense industry. With more than 1,500 exhibitors from all over the world, the FIA is the most important show for EDOs to maintain existing, and to establish new relevant contacts among leading companies from all parts of the supply chain.

The TBIC will be at the Farnborough Air Show and stands ready to assist your community in setting up meetings with key decision-makers from leading European aerospace companies. Given our far-reaching network, we can facilitate your time at the FIA in a way that ensures your community's success.

Pre-Arranged Company Meeting in a Small Group of TBIC Members

\$650 per meeting

All individual company meetings will be charged after the show. For planning purposes, we ask our members to commit to a minimum number of meetings they wish to participate in. Once the detailed agenda will be made available (1-2 weeks prior to the show), members are free to pick and choose the meetings they would like to attend. Attending more meetings than the specified minimum number is possible.

Please contact **Matthias Beier** if you would like us to support your stay at the Farnborough Air Show:
